

Sinclair Broadcast Group's plan to broadcast a one-sided politically biased anti-Kerry program and disguise it as "news" is an example of the dangers of large media companies.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. Instead they are violating the equal time for presidential candidates rule and are airing an hour long anti-Kerry program less than 2 weeks before an election.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
